***blue sky scrubs*[™] Now Available at Newmatic**

Caledonia, Michigan, March 23, 2011 — After the successful launch of *blue sky scrubs* Scrub Hats in January 2011, Newmatic has expanded its offering of this designer scrubs line to include their Women's Simple, Women's Classic, and Men's scrub tops and pants, as well as their Women's Medical Coats.

blue sky scrubs started with a single, now patented, scrub hat design – the Pony Scrub Hat – to help keep long hair covered during surgery. Since then, the product line has grown to include more scrub hat designs, scrub tops and bottoms, and medical coats. All are made of high-quality cotton and come in a large variety of fashionable colors or prints. Because of the unique need this product line offers, Newmatic chose to include it in their expanding apparel category.
